5.1	Mission. State the PHA's Mission for serving the needs of low-income, very low-income, and extremely low income families in the PHA's jurisdiction for the next five years: <p style="margin-left: 20px;"><i>The Pulaski County Public Housing Authority's mission is to provide low-income individuals with opportunities to gain quality housing and to surmount economical, societal, and discriminatory barriers which may prevent this purpose.</i></p>																										

5.2

Goals and Objectives. Identify the PHA's quantifiable goals and objectives that will enable the PHA to serve the needs of low-income and very low-income, and extremely low-income families for the next five years. Include a report on the progress the PHA has made in meeting the goals and objectives described in the previous 5-Year Plan.

The proposed (2015-2019) goals and objectives are the same goals that were identified in the previous 5-Year Plan with some additions.

- 1) To provide decent, safe, and sanitary housing for very low-income families while maintaining their rent payments at an affordable level.***
- 2) To ensure that all units meet Housing Quality Standards and families pay fair and reasonable rents.***
- 3) To promote fair housing and the opportunity for very low-income families of all ethnic backgrounds to experience freedom of housing choice.***
- 4) To promote a housing program which maintains quality service and integrity while providing an incentive to private property owners to rent to very low income families.***
- 5) To encourage self-sufficiency of participant families and assist the expansion of opportunities which address educational, economic and social integration.***

The PHA continues to meet and exceed all goals and objectives set forth in the previous 5 Year Plan. Despite experiencing lower Housing Assistance Payment and Administrative funding levels, the PHA has continued to serve families with quality service and integrity. The PHA has received a high performance rating on the Section 8 Management Assessment Program for the past 5 years.

As a program under the Community Action umbrella, the PHA strives to inform and educate our families with all services that our agency provides including Utility Assistance, Head Start and Weatherization. In addition to these programs, our Community Services department has formed many partnerships in our communities that educate, train and provide services desperately needed by our housing families. Education and training opportunities are available to aide in obtaining a sustainable job and achieve self sufficiency.

The PHA has contracted with many new landlords over the past 5 years providing many newer or updated units to select from.

In the next 5 program years, we would continue to use the 5 goals and objectives listed above, but in addition, we would propose the following goals and objectives:

Partner with outside entities who are either privately funded or receive funds from other government programs to provide housing services to homeless and disabled individuals by offering administrative and supportive services. The partnerships help provide much needed assistance to a vulnerable population and it assists the PHA who lacks funding and the ability to help these families. It also provides additional funds to for the sustainability of the PHA.

The PHA will prepare newsletters and conduct briefings for current and potential landlords in our service area. It is importance to educate landlords of new regulations and keep the line of communication open.

Housing Needs. Based on information provided by the applicable Consolidated Plan, information provided by HUD, and other generally available data, make a reasonable effort to identify the housing needs of the low-income, very low-income, and extremely low-income families who reside in the jurisdiction served by the PHA, including elderly families, families with disabilities, and households of various races and ethnic groups, and other families who are on the public housing and Section 8 tenant-based assistance waiting lists. The identification of housing needs must address issues of affordability, supply, quality, accessibility, size of units, and location.

The following information reveals the statistics on identifying the housing needs of the low-income, very low-income, and extremely low-income families that reside in the PHA's service area which includes Camden, Laclede, Miller, Pulaski counties:

Many families are living in substandard and crowded housing. The PHA will continue to look for additional resources to meet the needs of families in their service area.
